

F510

163cc Large Tiller

Forward and reverse gearing

Three forward and one reverse gears as well as high and low ratio.

Adjustable handle

Unique loop handlebar can be adjusted to your height for maximum comfort and also folds flat for easy storage.

Powerful 4-stroke engine

The powerful 163cc OHV engine makes this an ideal all-round tiller, making light work of many tasks.

Removeable transport wheel

Large removeable front wheels supplied as standard to help transportation.

Wide working width

Wide 660mm (940mm with extensions) working width covers larger vegetable plots or borders quickly.

For users looking for power and versatility, the F510 is the ideal machine. The four gears (including high and low ratio's) and a range of optional attachments will make light work of most horticultural tasks. The wide working width of 660mm (940mm with extensions) is ideal for rugged performance on medium or heavier soils and will make light work of large vegetable plots or flowerbeds.
